Part II:

Eligibility for Medicaid and CHIP Based on Immigration Status
Medicaid & CHIP Use “Qualified Immigrant” Eligibility Standard

Lawfully Present

Qualified
“Qualified” immigrants include:
- Lawful Permanent Resident (LPR/green card holder)
- Refugee
- Asylee
- Cuban/Haitian Entrant
- Paroled into the U.S. for at least one year
- Amerasians
- Iraq/Afghan Special Immigrant Visas
- Granted Withholding of Deportation or Withholding of Removal
- Battered Spouse, Child and Parent
- Trafficking Survivor and his/her Spouse, Child, Sibling or Parent

Others:
- Member of a federally-recognized Indian tribe or American Indian born in Canada
Many People Are Barred from Medicaid & CHIP for 5 Years

- Many qualified immigrants are subject to a five-year waiting period (also known as the “5-year bar”)
  - The five years begin at the intersection of a person obtaining a qualified immigration status and being physically in the U.S.

Some people with a qualified immigration status are not subject to the 5-year bar:

- People who physically entered the U.S. before 8/22/96 and remained in the U.S. continuously until obtaining a qualified status
- People who have refugees or asylees statuses and people granted withholding of deportation/removal (even if they later become LPRs)
- People who have Cuban/Haitian entrants statuses and certain Amerasian immigrants,
- People granted Iraqi or Afghan special immigrant status, trafficking survivors (even if they later become LPRs)
- Qualified immigrants who are U.S. veterans or on active military duty and their spouses or children
- Children (at state option)
- Pregnant women (at state option)
States Have Flexibility to Vary from Federal Eligibility Rules

Federal Medicaid/CHIP Options

• States have the option to cover “lawfully residing” children and/or pregnant women, this includes:
  → Qualified immigrants, without the 5-year bar restriction
  → Lawfully residing people, a broader group than “qualified” immigrants
  → Two-thirds of states have taken up this option for children and nearly half for pregnant women

• Through CHIP, states can provide pregnant women certain medical services (such as prenatal care) regardless of their immigration status

State-Funded Options

• Using state-only funds, states can opt to cover individuals who do not meet the restrictive immigration-related federal eligibility standard

To find out more info on state options in your state, see NILC’s Medical Assistance Programs for Immigrants in Various States
Medicaid Payment for Limited Emergency Services

- Medicaid payment for limited services related to an emergency medical condition is available to providers to cover the cost of medical services provided to people who meet all the state’s Medicaid eligibility requirements except for immigration status.

- This category includes:
  - People who have a qualified immigration status but have not met the five-year wait requirement
  - People who have a lawfully present status but do not have a qualified immigration status, such as persons with Temporary Protected Status (TPS) and many others
  - People who do not have a documented immigration status
  - People with DACA
Example: Ricky, Eva and Karina

- Ricky and Eva are married and have a daughter, Karina
- Ricky became a lawful permanent resident (LPR) 2 years ago
- Eva is a naturalized U.S. citizen
- Karina is a U.S. citizen

Who is applying for coverage?
- Ricky, Eva and Karina

Other Important Eligibility Rules for Families that Include Immigrants
Special PTC Rule

• The PTC income floor of 100% FPL does **not** apply to people who have a lawfully present status but are not eligible for Medicaid due to their immigration status

• This includes people who have a lawfully present status who are:
  → Not “qualified” immigrants
  → Qualified immigrants who are subject to and have not met the 5-year bar

**Bottom line:** Many people who have a lawfully present status and incomes in the Medicaid range or below 100% FPL are eligible for PTC and CSR
Example: Gina, Adnan, and Sam

• Gina and Adnan are married and have a son named Sam
• Gina is from Republic of Marshall Islands, which is nation covered under the Compact of Free Association (COFA)
• Adnan entered the U.S. as a refugee 4 years ago
  → He gained LPR status last year
• Sam is a U.S. citizen and is enrolled in CHIP

Income
• Both Gina and Adnan are full-time college students and both work part-time jobs
• They project their income will be $19,548 for 2021 (90% FPL)

Eligibility for PTC and Medicaid

In Medicaid Expansion State

- Adnan is LPR and entered the U.S. as refugee → He is **not** subject to the 5-year bar
- His household income is below 138% FPL → He is eligible for Medicaid
- Gina has an eligible immigration status for marketplace coverage (i.e. she is lawfully present), but does not have a “qualified” status for Medicaid → She is eligible for PTC even though her income is below 100% FPL because she is ineligible for Medicaid based on immigration status

Eligibility for PTC and Medicaid

In Medicaid Non-Expansion State

But what if they live in a state that DID NOT expand Medicaid?

- Adnan is LPR and entered the U.S. as refugee → He is **not** subject to the 5-year bar
- He meets the Medicaid immigration status requirement but his state has not expanded Medicaid, so he is in the “coverage gap”
- He is also not eligible for PTC because his income is below 100% of FPL and he is eligible for Medicaid based on his immigration status

Special Marketplace Rules for Seniors

• Seniors who are not eligible for premium-free Medicare Part A may be eligible for enrollment in Marketplace plans and PTC/CSR

• To qualify for premium-free Medicare Part A, individuals must have met the applicable work history requirement or quarters of coverage (QC):
  → QC are earned by paying Social Security and Medicare payroll taxes; people working full-time generally earn four QC in a year
  → People can get quarters of coverage based on their own work history or in some cases the work history of their spouse

Note: People who plan on enrolling in Medicare should pay close attention to deadlines. Fees associated for not enrolling by certain deadlines are steep and permanent.
Example: Lin

- Lin, 74, lives with his daughter, Mei and grandson, Michael
- Lin:
  - has been a lawful permanent resident for 4 years
  - has never worked in the U.S.
  - receives $2,500 a year from a pension for work completed abroad
  - is **not** enrolled in Medicare Part A
- Mei:
  - provides more than 50% of Lin’s support
  - claims Lin and Michael as tax dependents
  - has a household income of $43,440 a year (200% FPL)

**Lin is eligible for QHP enrollment** → Lin is eligible to enroll in a Marketplace plan with subsidies even though he is over 65 because he is not eligible for Medicare Part A based on his work history
Can Lin apply on his own for PTC?

- Lin qualifies as Mei’s dependent:
  - Lin lives with Mei (and is also her relative)
  - Mei pays for more than half of his support
  - Lin’s gross income is less than $4,300

Lin is Mei’s tax dependent, so he cannot apply for PTC on his own as a household of 1
- He may be eligible for PTC, but must include Mei (and her income) on his application for health coverage

IMPORTANT: If Lin receives PTC, Mei must file a tax return and reconcile his PTC on her tax return
To qualify for PTC, an applicant that is married must file jointly with their spouse.

Certain immigrants file taxes on Form 1040-NR.

- Some immigrants (often foreign students on an F, J, M, or Q visa) must file taxes on Form 1040-NR because they can’t meet the “substantial presence test” in their first five years in the US.

- Form 1040-NR doesn’t allow most married nonresident immigrants to file jointly with a spouse so they can’t meet the joint filing requirement to claim a PTC.
• In general, for QHP enrollment and Medicaid/CHIP, residency is the state in which an individual lives and:
  → Intends to reside, including without a fixed address; or
  → Has entered with a job commitment or is seeking employment (whether or not currently employed)

• To verify residency, states and marketplaces:
  → Can accept self-attestation
  → Can use HHS approved electronic sources to the extent that they exist
  → Can’t use evidence of immigration status
Part IV:

Options for People Ineligible for Insurance Affordability Programs
People Who Are Undocumented or Have DACA

• Ineligible to purchase qualified health plans in the individual Marketplaces, even at full price
  → Can purchase private coverage outside the Marketplace or can get coverage through their employer

• Can apply for health insurance for eligible family members, and be part of household of eligible family members
  → If a tax filer is applying for PTC on behalf of eligible family members, must file a tax return
  → If not eligible for a Social Security number (SSN), may file a tax return using an Individual Taxpayer Identification Number (ITIN)
  → May be eligible for health programs available to ALL, regardless of immigration status

For more information on Deferred Action for Childhood Arrivals (DACA), see NILC’s FAQs about DACA
Programs That Don’t Restrict Eligibility Based on Status

• Medicaid payment of limited emergency services
• Programs using federal health care block grants: mental health, maternal and child health, family planning, communicable diseases, immunizations
• Programs providing health services necessary to protect life or safety: emergency medical, food or shelter, mental health crisis, domestic violence, crime victim assistance, disaster relief
• Hospital financial assistance programs or charity care
• Community Health Centers/FQHCs, Migrant Health Centers
• Additional programs in some states

For more information on where to find FQHCs, see findahealthcenter.hrsa.gov
Health Services Related to COVID

- Some states have defined COVID testing and treatment as emergency services under their emergency Medicaid programs.
- Federal laws created a provider relief fund to reimburse certain medical providers for expenses and lost revenue due to the pandemic.
- HHS has made some of these funds available to pay for testing and treatment provided to people who are uninsured regardless of their immigration status or income.
  - Providers can’t condition eligibility for these services based on immigration status or a person’s ability to provide a SSN, but provider will ask for an SSN and/or other documentation.

For more information on COVID related services: Frequently Asked Questions: Medicaid Payment of Emergency Services Related to COVID-19
Part V:

Navigating the Application Process
Eligibility Verification

- Citizenship and immigration status must be verified
- Applicants provide SSNs and/or immigration document numbers
- Those numbers and key other factors are matched against information in government data files
Why Data Matching May Be Unsuccessful

• Failure to provide SSN or other document numbers, or wrong number provided

• Name, date of birth and SSN provided on the application do not match what is in SSA or SAVE records:
  → Typos
  → Name changes

• Data matching limitations:
  → SSA can’t verify citizenship for many citizens who were born outside of the U.S.
  → SAVE can’t match certain immigrants in “real time”

Note: HealthCare.gov began automating a second request for verification through SAVE
Notice of a Data-Matching Issue: Eligibility Results

- On-screen notice of DMI when application is submitted
- Eligibility notice will detail eligibility and next steps

**Eligibility Results**

Review the table below for the results of your application.

<table>
<thead>
<tr>

</table>
| May Leon         | • Eligible to purchase health coverage through the Marketplace, but more information is needed  
|                  | • Eligible for a tax credit ($355.00 each month, which is $4,260.00 for the year, for your tax household), but we need more information from you. This calculation is based on the yearly household income of $75,000.00. This is the amount that you provided on your Marketplace application or the amount that came from the most recent income data sources available. |

**Next steps**

Important: You must send documents. This notice includes deadlines and details.

- Choose a plan and pay your first month’s premium.
- By January 11, 2021, send documents to confirm:
  - your household income
- By January 11, 2021, send documents to confirm:
  - Keeley Forrester’s TRICARE coverage status
- You’ll get information about when your coverage will begin and how to access services from the Alabama Department of Public Health.

Tips to Prevent a DMI

• Make a correct attestation
• Enter all document numbers that are requested for applicants
• Name change: If name on the application is not the same as on the document, use option to provide name as it appears on the document

Examples of Document Types

Permanent Resident Card (“Green card”, I-551)

Tips:

- If the A# does not have 9 digits, add one or two zeros before the A# so that you can input nine digits.

- Document/card number may be on the front or the back of the card and contains 13 characters:
  - Begins with three letters, followed by ten numbers.

- Some older cards do NOT have card numbers:
  - Enter “AAA0000000000” as the card number.

For more info, see our Reference Guide: Documents Used to Verify Immigration Status.
Tips to Resolve DMIs

• Check to make sure the attestation is correct on the application

• Uploading documents to the marketplace is faster than mail
  → It must be a .pdf, .jpeg, .jpg, .gif, .xml, .png, .tiff, or .bmp
  → It can’t be bigger than 10 MB
  → The file name can’t include a colon, semicolon, asterisk, or any other special character. Here are a few examples of special characters that can’t be in the file name: / \ : * ? “ < > |
  → If the upload menu does not include the document type the consumer is trying to upload, the consumers can select “other”

• Citizens likely need two documents
  → One that proves citizenship and one that proves identity
  → Some documents prove citizenship and identity like a U.S. passport

  - A tribal enrollment card
  - A Certificate of Degree of Indian Blood
  - A tribal census document
  - Documents on tribal letterhead signed by a tribal leader

**NOTE:** If a person does not have one of these documents, they will need two documents to prove citizenship.

PTC for Certain Lawfully Present People w/ Low Income

- For people with income that would potentially qualify them for Medicaid, the Marketplace must verify that applicants are ineligible for Medicaid based on their immigration status before determining their eligibility for subsidies.
- If Healthcare.gov can’t electronically verify an individual’s immigration status through SAVE in real time, that person will get an immigration status DMI.

**AS A RESULT:**

</tbody>
</table>
Process A: Appears Eligible for Medicaid

Appears Eligible for Medicaid Based on Income & Other Factors

Marketplace assesses or determines the applicant is eligible for Medicaid

Case sent to state Medicaid agency for further eligibility review including verification of immigration status

Medicaid agency notifies applicant that proof is needed including but not limited to immigration status

If applicant sends in proof, and is determined ineligible for Medicaid based on status, the Medicaid agency sends applicant denial notice

Case referred back to Marketplace

Marketplace notifies applicant to come back to the Marketplace with instructions on how to get correct eligibility determination

Correct eligibility determination for PTC and CSR

Applicant returns to Marketplace, indicates that has been denied Medicaid and provides other needed information to establish eligibility
Indicating Ineligibility for Medicaid Based on Status

• Question individuals will use to indicate they have been determined ineligible for Medicaid based on their immigration status
• Exercise caution when helping someone answer this question

Medicaid or CHIP denial

Was Child found not eligible for Illinois Medicaid or Illinois All Kids (CHIP) based on their immigration status since 2015?

Process B: Treated As If in Medicaid Coverage Gap

Income is Below 100% FPL and Not Otherwise Eligible for Medicaid

- Marketplace determines applicant can enroll in coverage without PTC and notifies applicant that he may qualify for help paying for coverage but that proof of status is needed to make that determination.

- If applicant sends in proof, case is sent to special unit to determine if eligible under Medicaid rules.

- If determined ineligible for Medicaid based on status, Marketplace notifies applicant about eligibility for subsidies and special enrollment period (as applicable).

- Applicant returns to Marketplace to select a plan with PTC and CSR (and will be granted a SEP, as applicable).
