Part I:

Medicaid, CHIP and Marketplace Eligibility for Immigrants

Under the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996, the following groups may be eligible for Medicaid and CHIP:

“Qualified” immigrants who entered the U.S. before 8/22/96

“Qualified” immigrants who entered on or after 8/22/96 who reach the end of a 5-year waiting period

For example:

- lawful permanent residents (LPRs or “green card” holders)

“Qualified” immigrants exempt from the 5-year waiting period

For example:

- refugees
- asylees
- Cuban/Haitian entrants
- trafficking survivors
- veteran families

NOTE: Immigrants who do not meet these immigrant eligibility rules (i.e. “qualified” immigrants in the 5-year bar and “not qualified” immigrants) may be eligible for Medicaid payment of limited emergency services (Emergency Medical Assistance or EMA) if they otherwise meet all Medicaid eligibility standards

“Qualified” Immigrants

Categories defined by statute

(Note: Many of these, as well as others, are exempt from the 5-year bar)

- Lawful Permanent Residents (LPRs/green card holders)
- Refugees
- Asylees
- Cuban/Haitian entrants
- Persons who were paroled into the U.S. for more than a year
- Conditional entrants
- Persons granted withholding of deportation/removal
- Certain domestic violence and trafficking survivors and their derivatives
- Member of a federally-recognized Indian tribe or American Indian Born in Canada

- Many “qualified” immigrants are subject to a five-year waiting period (also know as “the five-year bar”)
 - The five years begin when an immigrant obtains a “qualified” immigration status
- Some people with a “qualified” immigration status are not subject to the five-year bar:
 - Immigrants who physically entered the U.S. before 8/22/96 and remained in the U.S. continuously until obtaining a qualified status
 - Refugees, asylees, persons granted withholding of deportation/removal (even if they later become LPRs)
 - Cuban/Haitian entrants, certain Amerasian immigrants, individuals granted Iraqi or Afghan special immigrant status, trafficking survivors (even if they later become LPRs)
 - Qualified immigrants who are U.S. veterans or on active military duty and their spouses or children
 - Children (at state option)
 - Pregnant women (at state option)

Federal Medicaid/CHIP Options

- CHIPRA 2009 gave states the option to cover children and/or pregnant women:
 - ✓ Who are lawfully present and otherwise eligible
 - ✓ Without a 5-year waiting period
 - ✓ Regardless of date of entry into the U.S.
- Through CHIP, states can also opt to provide certain medical services to pregnant women (including prenatal care), regardless of immigration status, if they are not otherwise eligible for Medicaid

State-Funded Options

- States can cover additional immigrants with state-only funds

- To verify residency, Marketplaces:
 - Can accept self-attestation

Part III:

Concerns for Families that Include Immigrants When Applying for Health Coverage

- The Affordable Care Act (ACA) includes strong protections for personally identifiable information; privacy provisions were written to encourage participation of eligible individuals in mixed-status immigrant families.
- Agencies can only collect, use, and disclose information that is necessary for enrollment in health coverage.
- The U.S. Department of Homeland Security or U.S. Immigration and Customs Enforcement (DHS/ICE) has issued guidance that information about applicants/household obtained for health insurance eligibility will not be used for civil immigration enforcement purposes.

Clarification of Existing Practices Related to Certain Health Care Information

English: <http://www.ice.gov/doclib/ero-outreach/pdf/ice-aca-memo.pdf>

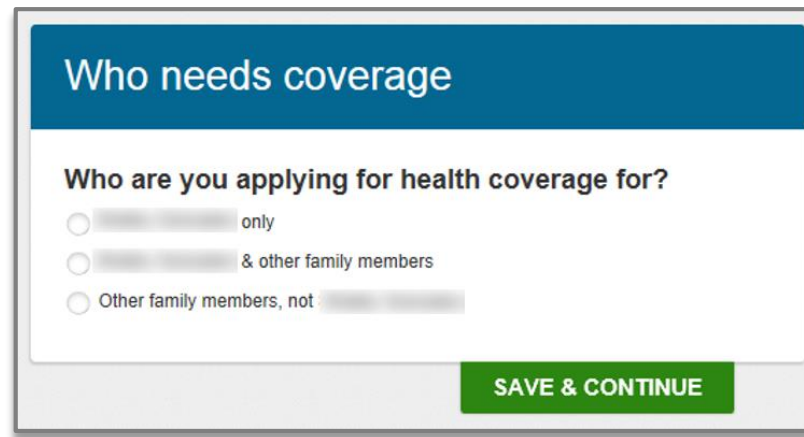

Spanish: <http://www.ice.gov/espanol/factsheets/aca-memoSP.htm>

- The Marketplaces, Medicaid and CHIP agencies must require their employees and contractors to follow strict rules protecting privacy, including:
 - ❖ People who work for Qualified health plans (QHP)
 - ❖ Navigators
 - ❖ Certified application counselors
 - ❖ Agents
 - ❖ Brokers
 - ❖ Call center representatives

- Discrimination based on race, ethnicity, and national origin, including language spoken, is prohibited by Title VI of the Civil Rights Act and ACA Section 1557.
- Prohibition applies to all entities receiving federal financial assistance: consumer assisters, clinics, hospitals, insurers, Marketplace agencies, Medicaid and CHIP agencies, contractors, health plans, others.
- Applications, processes and procedures that have a chilling effect of deterring eligible immigrants from applying may violate Title VI of the Civil Rights Act and Sec. 1557 of the ACA.

- Immigrant families may worry that use of government health programs may affect their ability to get a green card or naturalize.
- “Public charge” is a term used by U.S. immigration officials to refer to a person who is considered primarily dependent on the government for subsistence (cash assistance) or long-term care at government expense.
- Generally, Medicaid, CHIP, and Marketplace subsidies are not considered in screening green card applicants (applicants to adjust to lawful permanent resident status/LPR) for public charge.
 - Exception: Medicaid for long-term institutional care—such as a nursing home or mental health institution—may be considered a factor in establishing public charge.
- Public charge is not applicable when applying for citizenship.

- All applications should allow households to designate individuals as non-applicants

The screenshot shows a web form with a blue header titled "Who needs coverage". Below the header, the question "Who are you applying for health coverage for?" is displayed. There are three radio button options: "only", "& other family members", and "Other family members, not". A green button labeled "SAVE & CONTINUE" is located at the bottom right of the form.

- **Important protections for non-applicants:**
 - Should not be asked to disclose citizenship/immigration status.
 - Must provide information that is relevant to the eligibility determination such as income and tax filing status, but generally cannot be required to provide information not relevant to the eligibility determination

Key Optional Questions

Some optional questions can play a role in achieving equal access to coverage by providing insight into who is and is not being reached and what services may be needed:

- ✓ Language preference
- ✓ Race and ethnicity

_____ 's race/ethnicity

This information will be used to help the U.S. Department of Health and Human Services (HHS) better understand and improve the health of and health care for all Americans. Providing this information won't impact your eligibility for health coverage, your health plan options, or your costs in any way.

Is _____ of Hispanic, Latino, or Spanish origin? *optional*

Yes

No

Ethnicity *(check all that apply)*

Cuban

Mexican, Mexican American, or Chicano/a

Puerto Rican

Other

What is _____ 's race? *(check all that apply) optional*

<input type="checkbox"/> American Indian or Alaska Native	<input type="checkbox"/> Native Hawaiian
<input type="checkbox"/> Asian Indian	<input type="checkbox"/> Other Asian
<input type="checkbox"/> Black or African American	<input type="checkbox"/> Other Pacific Islander
<input type="checkbox"/> Chinese	<input type="checkbox"/> Samoan
<input type="checkbox"/> Filipino	<input type="checkbox"/> Vietnamese
<input type="checkbox"/> Guamanian or Chamorro	<input type="checkbox"/> White
<input type="checkbox"/> Japanese	<input type="checkbox"/> Other
<input type="checkbox"/> Korean	

- Do not ask non-applicants to disclose their citizenship or immigration status
- Use broad questions and share general information about immigrant eligibility to help consumers identify who may want to apply for insurance while providing other welcoming messages early in your conversation.

For Example:

“ The Marketplace provides coverage to citizens and noncitizens who are lawfully present. Here’s a list of immigration statuses considered lawfully present. ”

“ We keep your information private and safe. The application asks for some information about everyone in your family, but only a family member seeking coverage for him or herself has to answer questions about immigration or citizenship. ”

- When asking questions about immigration and citizenship status of applicants:
 - Avoid asking if individuals are “undocumented” or “not lawfully present”
 - Instead use words like “eligible immigrant,” “eligible immigration status” or “ineligible”

Medicaid and CHIP

SSNs are generally required of Medicaid applicants

- Coverage cannot be denied or delayed pending issuance or verification of SSN
- Medicaid agencies must help individuals apply for an SSN if they are eligible and don't have one, or if they don't know their SSN

Some applicants do not have to provide SSNs, including but not limited to:

- Newborns in process of obtaining an SSN
- Persons who have a religious objection
- Certain lawfully present immigrants who are not eligible for an SSN or can only get an SSN for a non-work purpose such as certain domestic violence survivors, trafficking survivors, asylum applicants, and others

Marketplace

Only applicants who have an SSN are required to provide one.

General Rules About Requests for SSNs:

Application filers must be told:

- Whether providing an SSN is required or optional
- Why they are being asked for the SSN (authority for requesting the SSN)
- How SSNs are used

Medicaid and CHIP

Non-applicant household members do not have to provide an SSN for Medicaid and CHIP.

Marketplace

Non-applicant household members are not be required to provide an SSN unless **ALL** of the following are true. The non-applicant:

- ✓ Has an SSN
- ✓ Is a tax filer
- ✓ Has a spouse or tax dependent seeking premium tax credit eligibility
- ✓ Filed a federal tax return in 2013 or 2014 tax year

Providing an SSN when available, increases the likelihood that the Marketplace and Medicaid and CHIP agencies can verify consumers' information electronically. Electronic verification can reduce the amount of paper documentation consumers may have to turn in to prove their eligibility.

New pop ups will help encourage consumers to provide SSNs if they have them (screenshots are on the next slide).

NOTE: People who are not eligible for SSNs may use Individual Taxpayer Identification Numbers (ITINs) when filing taxes. However ITINs should not be provided in response to a request for an SSN on a federal marketplace application.

Popups if SSN or immigration information is left blank

Are you sure?

It's important to enter the Social Security Numbers (SSNs) for everyone on your application, if they have them. Entering SSNs makes the application process go smoother and faster by allowing the Marketplace to check your information automatically. If you don't enter SSNs for people who have them, you may need to provide more information later.

[CONTINUE WITHOUT SSN](#) [BACK](#)

Are you sure?

It's important to enter as many fields from your immigration document as possible, even though some fields may be labeled "optional." Entering all of your document information makes the application process go smoother and faster, helps make sure your eligibility results are correct, and may prevent you from needing to come back later and provide more information.

Identity Proofing

Online identity proofing/verification:

- The person completing the application (household contact) is asked to provide personal information
- To verify the household contact's identity, Experian tries to provide customized questions that are oftentimes from credit history information.
- Household contact tries to answer questions if provided

Telephonic identity proofing/verification:

- Household contacts who can't complete the online identity proofing process are provided a unique reference code
- Household contacts call the Experian Help Desk directly (language assistance is now available)

Manual identity proofing/verification:

- Household contacts who can't complete the identity proofing process online or over the phone, can submit copies of certain documents to prove their identity

Answer these questions so we can verify your identity

Part V:

Citizenship and Immigration Status Verification

- Applicant provides Social Security number(s) (if applicable)
- Applicant attests to being a U.S. citizen
- Healthcare.gov attempts to verify citizenship through a data match with Social Security Administration (SSA) records
- If citizenship can't be verified, the applicant is asked if he is a naturalized or derived citizen* and if so, applicant is asked to provide:
 - An alien number (also called USCIS number), and either a Naturalization Certificate number or a Certificate of Citizenship number
 - Healthcare.gov tries to verify citizenship through data match with Systematic Alien Verification for Entitlements (SAVE) program

The term “naturalized**” citizen is used to describe individuals born outside of the U.S. who become U.S. citizens after completing certain requirements and the “naturalization” process. The term “**derived**” citizen refers to U.S. citizens who obtain citizenship through U.S. citizen parents.*

Reasons Data Matching May Be Unsuccessful

- Incorrect submission of Social Security number (or no number provided)
- Name provided on the application does not match what is in SSA or SAVE records
- Data matching limitations:
 - SSA cannot verify citizenship for many citizens who were born outside of the U.S.
 - SAVE may not be able to immediately verify citizenship for some naturalized or derived citizens
- Some consumers may not have certificate numbers readily available (especially derived citizens)

Submit any one of the following documents to verify citizenship

U.S. Passport

Certificate of Citizenship

Certificate of Naturalization

State-issued enhanced driver's license (EDL)

- Currently available in Michigan, New York, Vermont and Washington

Document from a federally recognized Indian tribe that includes the individual's name, the name of the tribe, and shows membership, enrollment, or affiliation with the tribe

- A tribal enrollment card
- A Certificate of Degree of Indian Blood
- A tribal census document
- Documents on tribal letterhead signed by a tribal leader

NOTE: If a person does not have one of these documents, they will need two documents to prove citizenship.

If None of the Previous Documents Are Available:

Submit ONE document from EACH column (total of TWO documents)

One of the following documents:

U.S. public birth certificate
 Consular Report of Birth Abroad (FS-240, CRBA)
 Certification of Report of Birth (DS-1350)
 Certification of Birth Abroad (FS-545)
 U.S. Citizen Identification Card (I-197 or the prior version I-179)
 Northern Mariana Card (I-873)
 Final adoption decree showing the person's name and U.S. place of birth
 U.S. Civil Service Employment Record showing employment before June 1, 1976
 Military record showing a U.S. place of birth
 U.S. medical record from a clinic, hospital, physician, midwife or institution showing a U.S. place of birth

- Applicants attest to having an “eligible immigration status”
- Applicants submit applicable document numbers, typically this will be an Alien Registration Number (“A number” or “USCIS number”) or an I-94 number
- Marketplace tries to verify status through SAVE

- Monica and Roberto submitted documents that were not sufficient:
 - Monica sent in her Consular Report of Birth Abroad, but she also needs to send in a document that includes a photo or other identifying information.
 - Roberto sent in his foreign passport, which in some cases may be used to prove lawful permanent residence, but in his case the passport did not contain the necessary information.
- Monica and Roberto get **warning notices** explaining their coverage will end if sufficient documents are not submitted.
 - Roberto then sends in a copy of his lawful permanent resident document (“Green Card”).

- Monica does not have a document from the list of options provided on her notice so she does not send in additional documents.
- Monica then gets an “**inconsistency expiration notice**” that explains that her Marketplace coverage will end because she did not provide documentation to prove her citizenship. This notice will not be sent till after 95-day inconsistency period has ended.

Tips for Preventing Immigration/Citizenship DMIs

- ✓ **Complete the whole application:** While some fields are labeled optional, we highly recommend that consumers **fill out as many of the fields as possible.**
- ✓ **Non-applicants are strongly encouraged to provide a Social Security Number (SSN) if they have one, but it is not required.**
- ✓ **Encourage applicants to provide immigration document types, documents numbers, and ID numbers, if applicable (e.g., Alien Registration number, USCIS number, or I-94 number).**
 - **Assister Tip:** Reassure consumers that immigration information will ONLY be used for the Marketplace and insurance affordability programs and will not be used for immigration enforcement purposes.
 - **Assister Tip:** Remind consumers that if they are not applying for health coverage for themselves, they do not need to provide their citizenship or immigration status.
- ✓ **Double check that the information on the application is complete and that there are no errors or typos.**
 - Consumers should confirm that name, birth date, and SSN, are correct and complete for all applicants.
- ✓ **Advise applicants to provide their name as written on their immigration or other documents, if different from the name provided on their Marketplace application.**

Income is in the Medicaid Range or Below the Poverty Line

- If Healthcare.gov can't electronically verify an individual's immigration status through SAVE (i.e. individual has an immigration status data matching issue), immigration status must be verified by the Marketplace through a manual documents review or by the Medicaid or CHIP agency

As a result:

If otherwise eligible for Medicaid based on income and all other factors:

→ sent to Medicaid

If income is below 100% FPL and not otherwise eligible for Medicaid (appears to be in the coverage gap):

→ given the opportunity to enroll in a Marketplace plan with no advance payments of the premium tax credits or cost-sharing reductions

Process A: Appears Eligible for Medicaid

Appears Eligible for Medicaid Based on Income & Other Factors

Marketplace determines or assesses consumer eligible for Medicaid and notifies consumer of eligibility determination

Case sent to state Medicaid agency for further eligibility review including verification of immigration status

Medicaid agency notifies consumer that proof is needed including but not limited to immigration status

If consumer sends in proof, determined ineligible for Medicaid based on status and Medicaid agency sends consumer denial notice

Case referred back to Marketplace

Marketplace notifies consumer to come back to the Marketplace with instructions on how to get correct eligibility determination

Consumer returns to Marketplace to update application: Indicates that has been denied Medicaid and provides other needed information such as offer of MEC

Correct eligibility determination for PTCs

Process B: Treated As If in Medicaid Coverage Gap

Income is Below 100% FPL and Not Otherwise Eligible for Medicaid

Marketplace determines consumer can enroll in coverage without APTC and notifies consumer of eligibility determination and that proof of status is needed

Marketplace periodically sends targeted outreach to consumers that notifies of possible eligibility for APTC, but must turn in proof of status

If consumer sends in proof, sent to special unit for verification of immigration status (including Medicaid rules)

Determined ineligible for Medicaid based on verification of status

Marketplace notifies consumer to come back to the Marketplace with instructions on how to get correct eligibility determination (and information about SEP eligibility as needed)

Consumer returns to Marketplace to update application: Indicates that has been denied Medicaid and provides other needed information such as offer of MEC

Correct eligibility determination for PTCs

Steps Assisters Can Take

Helping Lawfully Present People with Income below 100% FPL or in Medicaid Range

- Encourage consumers to send in proof of their status—help them upload documents as needed.
- Encourage them to enter all immigration document numbers requested by the application.
- If applying through the Marketplace call center, ask the operator to read back numbers provided, to ensure accuracy.
- Help them understand the notices and the process steps, including when to use the Medicaid “blocker” question.
