Did the taxpayer, spouse, or any dependent receive insurance through the Marketplace? See Form 8962 Yes No

Was the taxpayer, spouse, or any dependent granted a Marketplace exemption or do you want to apply for any of the exemptions allowed on Form 8965? Yes No

Check the boxes for each month this person did not have minimum essential coverage and is **NOT** claiming an exemption on Form 8965

NO Shared Responsibility Payment (i.e., SRP or penalty):
First box is checked if every month has either coverage, exemption, or some combination of the two

- Complete Form 8965 if any month has exemption
- The exemption does NOT have to be for the full-year
- You can mix and match coverage and exemptions, as long as every month is covered and there is no SRP

PARTIAL-YEAR Shared Responsibility Payment:
Second box is checked if at least one month (but not every month) has an SRP

- Complete Form 8965 if an exemption applies for any months
- Check the month boxes to calculate an SRP for those months

FULL-YEAR Shared Responsibility Payment:
Third box is checked if there is an SRP all year

- Check this box only if you are sure no exemption applies
- Do not check month boxes—it will not reduce the SRP calculation
