What is a special enrollment period (SEP)?

- Period outside of open enrollment when a person can enroll in or switch Marketplace coverage
- Triggered by certain qualifying events

Open enrollment

- For states using Healthcare.gov: November 1 through December 15
  → State-Based Marketplaces can have a longer open enrollment period (most SBMs extended open enrollment in 2019)
Special Enrollment Period Overview

Timing

• SEP is generally available for 60 days after qualifying event
• Some SEPs also have advance availability (SEP available 60 days before qualifying event)

Coverage effective dates

• Regular coverage effective dates:
  → If plan is selected between the 1st and 15th of the month, coverage is effective the first day of the month following plan selection
  → If plan is selected between the 16th and the last day of the month, coverage is effective the first day of the second following month following plan selection
• Some SEPs have special coverage effective dates that allow coverage to start more promptly
Requirement of prior coverage

• Certain SEPs require that person experiencing qualifying event must have had minimum essential coverage **at least 1 day in 60 days prior** to event to trigger SEP

• Exceptions include:
  → If person was living in a foreign country or U.S. territory in past 60 days
  → If person is a member of federally-recognized Native American tribe or is an Alaska Native (referred to as AI/AN)
Plan selection limitations for current enrollees

- In June 2017, certain restrictions on plan selection for people already enrolled in Marketplace coverage were finalized

- For most SEPs: Enrollees can only use an SEP to change plans within the same metal level as their current plan

  → Exceptions include:

  - Change in eligibility for cost-sharing reductions (CSR): Enrollees can use SEP to change to a silver level plan if not already enrolled in one

  - Marriage or birth/adoption/foster care placement: If an enrollee gains a dependent or gets married, can only use SEP to add new dependent or spouse to current plan, OR enroll the new dependent or spouse in a separate plan

  - SEPs exempt from selection limitations: SEP for members of a federally-recognized Native American tribe or Alaska Natives (AI/AN); Errors or misrepresentation; Exceptional circumstances; Victims of domestic abuse or spousal abandonment

  → States with State-Based Marketplaces have additional time to implement this change and may take longer than Healthcare.gov to implement

Example: Loss of Employer Coverage

- Joe and Danielle are enrolled in health insurance that Danielle gets through her job.
- Danielle quits her job in May, and her health benefits are scheduled to end on May 31.
  → She is offered COBRA, but it would cost a lot.
- Joe and Danielle are eligible for an SEP and have 60 days before and after Danielle’s employer coverage ends to pick a plan in the Marketplace.

**Timeline:**

- **MAY:** Danielle quits her job.
- **SEP (60 days prior):**
  - **APR:**
    - **May 16:** Joe and Danielle select a QHP.
  - **JUN:** Coverage begins.
- **SEP (60 days):**
  - **JUL:**
    - **JUN:** Coverage begins.
  - **AUG:**
  - **SEP:**
Example: Loss of Employer Coverage

But what if they select a QHP after losing coverage?

- Joe and Danielle don’t pick a plan until the end of July
- Because they waited until they lost coverage, they will have a gap in coverage in June and July

- Danielle quits her job
  - SEP (60 days prior)

- JUN: NO COVERAGE
  - July 17: Joe and Danielle select a QHP
  - SEP (60 days)

- JUL: SEP (60 days)
  - Aug 1: Coverage begins
Changes in Household Size

Marriage

→ **Requirement of prior coverage** → SEP only triggered if at least one spouse:
  * had at least one day of minimum essential coverage in the 60 days prior to the marriage
  * or was living in a foreign country or U.S. territory in past 60 days
  * or is an AI/AN

Birth / adoption / foster care / court order

→ Gaining a dependent through birth, adoption, or placement for foster care
→ Gaining a dependent through a child support order or other court order

</table>
Example: Marriage (Prior Coverage Requirement)

- Jay and Kim get married on July 12
- Kim was insured through her job and Jay was uninsured
- Kim drops her coverage on May 31, prior to the marriage

**SCENARIO 1**

Her coverage ends May 31

✔ **Eligible for an SEP**

**Voluntarily drops coverage (≠ no SEP triggered)**

- **August 1:** Coverage begins
- **July 17:** They pick a new plan
- **August 1:** Coverage begins

Voluntarily drops coverage (≠ no SEP triggered)
SCENARIO 2
Kim drops her coverage earlier in the year → April 30
× NOT eligible for an SEP

- Jay and Kim get married on July 12
- Kim was insured through her job and Jay was uninsured
- Kim drops her coverage on April 30, prior to the marriage
Changes in Primary Place of Living

**Permanent move**

→ Gains access to new Marketplace plans as a result of a permanent move. Includes:

- Moving within the same city, county, or state, as long as there are different plans available
- Moving to another state
- A child or other dependent moving back to parent’s home
- A student moving to or from where he or she attends school
- Moving for seasonal employment, but maintaining another home elsewhere (such as a seasonal farmworker)
- Moving to or from a shelter or other transitional housing

→ Moves to the U.S. after living outside the country or in a U.S. territory

→ **Requirement of prior coverage** → SEP triggered if person who moved:

- had at least one day of minimum essential coverage in the 60 days prior to the move
- or was living in a foreign country or U.S. territory in past 60 days
- or is an AI/AN

Example: Permanent Move (Prior Coverage Requirement)

- Daniel, Marie and Amina live in Illinois
- They were all enrolled in coverage through Daniel’s job, but that coverage was too expensive and they voluntarily dropped it at the end of May
- Marie gets a new job offer in Ohio and the family decides to move in early July
- They are eligible for the SEP triggered by a permanent move because they had coverage in the last 60 days
Changes in Eligibility for Financial Help

Moving out of the Medicaid coverage gap

→ Previously ineligible for Medicaid due to state decision not to expand Medicaid, and income increases to a level above 100% of the poverty line creating eligibility for PTC

→ Person does not need to have had prior contact with the Marketplace to be eligible

→ Applies in all states (i.e., applies if a person moves to a state that expanded Medicaid and has a change in income making them eligible for PTC)

Current employer plan no longer considered qualifying employer coverage

→ Becoming newly eligible for PTC due to a change in the plan resulting in it no longer being considered either adequate coverage or affordable

→ Must drop employer coverage to enroll in Marketplace coverage with PTC

Changes in Eligibility for Financial Help

Newly gaining eligible immigration status

→ Becoming newly eligible for Marketplace coverage as a result of gaining a lawfully present status

Release from incarceration

→ Becoming newly eligible for Marketplace coverage after being released from incarceration (detention, jail, or prison)

American Indian and Alaska Native (AI/AN)

→ Is or becomes a member of a federally-recognized Native American tribe or an Alaska Native Claims Settlement Act Corporation Shareholder

→ Is or becomes a dependent of someone who is an AI/AN and is enrolled or enrolling in same QHP

Changes in Eligibility for Financial Help

Newly eligible or ineligible for premium tax credits (PTC)

→ Experiences a change in income or household size that makes an enrollee or enrollee’s dependent newly eligible or ineligible for premium tax credits

→ *Coverage requirement* → SEP only triggered if currently enrolled in a qualified health plan

Change in cost-sharing reduction (CSR) eligibility

→ Experiences a change in income or household size that changes eligibility for CSR

→ Change in eligibility includes moving between CSR levels and losing or gaining eligibility for CSRs

→ *Coverage requirement* → SEP only triggered if currently enrolled in a qualified health plan

Newly eligible for PTC after decreased income

→ Experiences a decrease in household income

→ Is determined newly eligible for PTC

→ *Coverage requirement* → SEP only triggered if the person had health coverage for at least one day in the past 60 days

*Note: Can be enrolled in a QHP inside or outside the Marketplace, as long as the plan meets the definition of a QHP. To receive PTC or CSR, must enroll in the Marketplace.*
Example: Income Change Resulting in Eligibility Change

- Miguel and Jane are married and have one daughter, Isabella.
- Their income is greater than 400% FPL and they do not qualify for subsidies.
- The family enrolls in a bronze plan at full cost.
- In June, Miguel’s hours are reduced at work, dropping the family income and making them newly eligible for PTC and CSR.
- They change their coverage to a silver plan, with lower cost sharing charges.
Enrollment or Plan Error

Error/misconduct/inaction by the Marketplace, HHS, or non-Marketplace entity aiding in enrollment

→ Was not enrolled in a plan, enrolled in the wrong plan, or did not receive PTC or CSR for which they were eligible due to the error, misrepresentation, misconduct or inaction

→ Experienced a technical error when applying for coverage that either prevented enrollment or prevented insurer from receiving enrollment information

Plan or benefit display error

→ Experienced an error related to plan benefits, service area, or premium displayed on a Marketplace website at the time of plan selection which influenced the decision to select (or not select) a plan

Health plan violation

→ Plan substantially violated a material provision of its contract

→ **Coverage requirement** → SEP only triggered if currently enrolled in a qualified health plan

<table>

</thead>
<tbody>
<tr>
<td>All enrollment and plan error</td>

</tbody>
</table>
Other Circumstances

**Being determined ineligible for Medicaid or CHIP**

→ Applied for Medicaid or CHIP coverage during open enrollment (or during an SEP) and the state Medicaid agency determined the individual or their dependent ineligible for Medicaid or CHIP after the enrollment period ended

→ Applies regardless of whether person applied through the Marketplace or directly through state Medicaid agency

**Resolving a data-matching issue (DMI)**

→ DMI is resolved after person’s coverage is terminated due to end of initial inconsistency period

→ Income under 100% FPL and did not enroll in coverage while waiting for the Marketplace to verify that the person was eligible for PTC based on immigration status

<table>

<td>Resolving a data-matching issue (DMI)</td>
<td>Up to 60 days after DMI is resolved</td>
<td>Effective date appropriate to circumstances (retroactive coverage available)</td>
</tr>
</tbody>
</table>
Example: Resolving a Data-Matching Issue

- Roberto and Monica are married and have two children, Miguel and Elena.
- When applying for coverage, Monica — a derived citizen — gets a data-matching issue and is asked to send in documentation to prove her citizenship.
- She sends in insufficient documentation and her coverage is terminated at the end of March.
- In April, she sends in more documentation and her DMI is resolved May 14, triggering an SEP.

**Timeline:**
- **March:** Coverage terminates.
- **April 20:** Monica sends in documents.
  - **SEP (60 days):** Coverage can begin retroactively.
- **June 16:** Monica selects a new QHP.
Other Circumstances

Survivors of domestic violence or spousal abandonment

→ Experiences domestic violence or spousal abandonment and wants to enroll in a health plan separate from abuser or spouse

→ **Coverage requirement** → SEP only triggered if currently enrolled in MEC

→ Applies to dependents who can enroll in the same plan

Exceptional circumstances

→ Exceptional circumstances prevented enrollment in coverage during open enrollment (e.g., unexpected hospitalization, temporary cognitive disability, or a natural disaster)

→ Wins a Marketplace appeal

<table>

What does **not** trigger a SEP in HealthCare.gov?

- Voluntarily dropping other coverage
- Loss of eligibility for coverage when the person was not enrolled in it (i.e., loses job, but was not in the employer’s health plan)
- Being determined newly eligible for PTC when the person was previously uninsured
- Being terminated from other coverage for not paying premiums or for fraud
- Divorce or death of a family member if person does not also lose coverage as a result
- There is an exchange option for State-Based Marketplaces (SBMs) to implement a SEP for divorce or death of a family member if the person is already enrolled in a QHP
- Becoming pregnant

→ Note: Several states including New York and Connecticut consider pregnancy a trigger for a special enrollment period. (SBMs not using HealthCare.gov are always allowed to implement additional/more expansive SEPs)
Example: No SEP for Income Change

- Carla’s employer offers coverage, but she does not enroll
- Carla finds out in May that her work hours are being reduced and she is no longer eligible for employer coverage
- Her income is dropping and she no longer has an offer of coverage from her employer, so she would be eligible for subsidies in the exchange
  
  ! But this does not trigger a SEP
- Carla must wait until the next open enrollment period to enroll in coverage

Nov 1: Open enrollment begins
Restrictions on Plan Choice for Current Enrollees
Restrictions on Plan Selection

Current Marketplace enrollees

• **For most SEPs:** Enrollees (those already enrolled in Marketplace coverage) can only use an SEP to:
  → Change plans within the same metal level as their current plan

  **Exceptions:**
  → *If there are no other plans available within the same metal level, can enroll in a plan one metal level higher or lower*

• **Change in eligibility for cost-sharing reductions (CSR):** Enrollees can only use the SEP to:
  → Change to a silver level plan if not already enrolled in one, **OR**
  → Change plans within the same metal level as their current plan

---

**REMEMBER: Levels of Cost-Sharing Reductions (Silver Plans)**

<table>

<td>201-250% FPL</td>

<td>Up to 150% FPL</td>
</tr>
</tbody>
</table>
Restrictions on Plan Selection

Current Marketplace enrollees

- **Marriage or birth/adoption/foster care placement SEP:** If an enrollee gains a dependent or gets married, can only use an SEP to:
  - Add the new dependent or spouse to their current Marketplace plan, **OR**
  - Enroll the new dependent or spouse in a separate plan

  **Exceptions:**
  - *If an enrollee’s current plan doesn’t cover dependents, the enrollee and dependent can enroll in a new plan together within the same metal level as the enrollee’s current plan*
SEPs Exempt from Restrictions on Plan Selection

Current Marketplace enrollees

- SEP for American Indian or Alaska Natives (AI/AN)
- Errors/misrepresentation from the Exchange or an exchange entity providing enrollment assistance or conducting enrollment activities
- Exceptional circumstances
- Victims of domestic abuse or spousal abandonment
Process for Accessing SEPs
Reporting Changes

• People enrolled in Marketplace coverage must report changes to their original application

• Not all changes will trigger a SEP
  → Some will adjust the amount of APTC a person is eligible to receive

• Changes to report include:
  → Changes to income
  → Changes to a person’s household
  → Moving to a new permanent address (if moving out of state, will need to start a new application in the new state)
  → Changes in status, such as tax filing status, citizenship, or immigration status
How Do You Access a SEP?

If already enrolled in a marketplace plan:
→ Return to the marketplace application and “report a life change”
→ Go through the application and edit information that has changed

If not enrolled in a marketplace plan:
→ Go to the marketplace and start a new application

• Once application is completed, the eligibility determination notice (EDN) will inform consumer of access to a SEP
• Consumer will then be able to switch plans or enroll in a new plan during the SEP

Note: Not all SEPs are available through the application and some need to go through the Marketplace Call Center (1-800-318-2596; TTY: 1-855-889-4325) or a caseworker
SEP Pre-Enrollment Verification

• On Healthcare.gov, people newly enrolling in Marketplace coverage through certain SEPs are required to submit documentation that proves eligibility for a SEP *before* enrolling in and using Marketplace coverage
  → Called an SEP Verification Issue (SVI)
  → SVIs are generated for new applicants who attest to an event that triggers certain SEPs
  → A person will have 30 days after selecting a plan to provide documentation of eligibility for the SEP
  → Once SEP eligibility is verified, the enrollment file will be sent to the insurer and the applicant will need to pay the premium to effectuate enrollment

• State-Based Marketplaces that do not use HealthCare.gov are not required to conduct pre-enrollment verification of SEP eligibility
Which SEPs Will Require SVI?

- Pre-enrollment verification applies to the following SEP events:
  - Loss of other coverage
  - Permanent move
  - Marriage
  - Adoption, placement for adoption, placement in foster care, or a child support or other court order
  - Medicaid or CHIP denial

**Note:** Pre-enrollment verification does **not** currently apply to the SEP for birth of a baby.
General SVI Process When Selected Plans Are Pended

1. Submits application
2. Granted SEP and generates an SVI
3. Picks a plan and enrollment is “pended”
4. SVI clock begins: 30 days to submit documentation to resolve SVI
5. Submits documentation of event that triggered SEP
6. Marketplace reviews documents for SEP eligibility
   - SEP verified: SVI resolved
     - Marketplace sends enrollment file to insurer and notifies applicant
     - Pays premiums to effectuate enrollment
   - Requests additional documents
     - Marketplace cannot confirm SEP eligibility
     - SVI Expires: Pended plan selection is cancelled

NOTE: If within the 60-day SEP window after SVI expires, can resubmit application and regenerate an SVI.
General SVI Process When No Plan Is Selected

Submits application

 Granted SEP and generates an SVI

Picks a plan and enrollment is “pended”

SVI clock begins: 30 days to submit documentation to resolve SVI

Submits documentation of event that triggered SEP

Marketplace reviews documents for SEP eligibility

SEP verified: SVI resolved

Marketplace notifies applicant and instructs person to pick a plan

Picks a plan and completes enrollment

Requests additional documents

Marketplace cannot confirm SEP eligibility

SEP window ends
Once eligibility for a SEP is verified, coverage will generally begin on the original coverage effective date

→ Applicant will pay first month’s premium to effectuate enrollment once SVI is resolved

If SVI is resolved after the original coverage effective date, coverage will begin retroactively

→ Insurer will be responsible for paying claims on any covered services in that retroactive period

→ If an SVI is resolved more than 2 months from the original coverage effective date, can choose to have coverage begin 1 month later than original effective date
• Ricky and Eva are notified that they are losing eligibility for Medicaid coverage on May 31.

• They are eligible for a SEP, but enrollment is pended until they prove eligibility for SEP.

• Need to submit documents proving:
  → Coverage end date, who will lose coverage and type of coverage

Example: Loss of Other Coverage

- **MAY 23:** Selects a plan → *Enrollment pended*
- **MAY 31:** Coverage end date
- **JUNE 1:** Receives warning notice
- **JUNE 12:** Sends in documents
- **JUNE 18:** SEP verified (SVI resolved)
  → *Coverage effective JUNE 1 → Family pays June premium to effectuate coverage*

## Resolving SVI: Submitting Documentation

### Permanent Move: Submit documents that show that you or your dependent moved (must include your name and date of move)

**Bills or financial statements** that show a change of address or newly started services at your new address, including:
- Mail from a financial institution or a bank statement.
- An internet, cable, phone, electric or other public utility bill or service communication (this should show the date that your new utilities or services started)
